

# ART KNOWLEDGE ORGANISER

## Overview

- In Art we learn to be creative, using our imaginations to show feelings and ideas.
- Art can be anything that we can sense: things we can see, hear, feel, smell, or taste.

In EYFS, early Art and Design is found in the 'Expressive Arts and Design'.

## Being Imaginative

### Imagination

Using your imagination is about having new ideas! When using our imaginations, we create things that we find fun and interesting. We can also show different emotions (how we feel) and create new things that are not real.

### Designing

When we are designing, we are thinking about ways that we can get a product (a finished piece of work) that we want or need. Some questions that designers might ask: -How can we fix problems in our world? -What things look/sound/feel good together? We should also think about what it is for (purpose) and who will use it.

### The Five Senses

Our senses work together to help us to take in what is going on around us.

When we create art, we need to think about what it does to each of our senses.

## Key Vocabulary

Art

Design

Colour

Texture

Five Senses

## Exploring and using materials

<p>RED YELLOW ORANGE PINK BLUE GREEN WHITE GRAY BLACK</p>	<p><b>Mixing colours</b> Exploring and Using Media and Materials</p>	<p>Colours can be mixed together to make other colours. -The three primary colours are blue, red and yellow.</p> <p>Blue + Yellow = Green    Yellow + Red = Orange Red + Blue = Purple    Black + White = Grey White + Red = Pink    Red + Green = Brown</p> <p>-Adding more or less of colours makes different shades.</p>
	<p><b>Textures</b> Exploring and Using Media and Materials</p>	<p>Texture is how something feels to touch. We can use adjectives to describe different textures:</p> <p>Bumpy - Lego    Rough - Sandpaper    Hard - Wall Fuzzy - Teddy Bear    Smooth - Plastic    Soft - Pillow Lumpy - Bean Bag    Prickly - Thorns    Shiny - Car</p> <p><u>Different textures</u> are useful for <u>different products</u>.</p>
	<p><b>Using Tools</b> Exploring and Using Media and Materials</p>	<p>Tools are objects that help us to change things. They do many different jobs. Examples of art tools are:</p> <p>Pencils/Pens    Paint Brushes    Droppers    Rollers Scissors    Hole Punch    Stapler    Glue-Stick    Eraser</p>

## Different Art Forms

	Drawing/Painting	Drawing and painting are types of visual art (art that can be seen). Lines are used to create shapes and objects. By mixing colours, we can create new shades.
	Sculpture	Sculpture is another type of visual art. Sculptures are made using objects (not drawn onto paper). The objects can be cut, carved, stuck or arranged in different ways.
	Music and Dance	Music is a type of art that can be heard - it is about different sounds and sound patterns. Dance is how we can use our bodies to move to music. Dancing can be performed in patterns (dance sequences).
	Photography and Role-Play	Photography allows us to capture the art that we see in the world around us. We can edit the photographs in different ways. Role-play is when we act as another person or character (real or imagined).

## Developmental Stages
