

Welcome to Swan Class

I am Mrs Marklew, and I am Swan class teacher. I am really looking forward to spending the year getting to know the children and watching them grow here at Charlton Mackrell. Charlton Mackrell is a great school; I have lots of very fond memories of teaching here over the past 6 years.

I love maths and puzzles, so I am looking forward to lots of number work and problem solving together this year. I am a creative person too and enjoy all things arty. I am also passionate about being outside, close to nature, and I really believe this is great for our wellbeing! We are very lucky to have wonderful grounds at Charlton Mackrell, so we will be able to take our learning outside as much as possible.

Our wonderful and very experienced Mrs Rushworth will take the class on a Friday. She is very well known around the school for being an expert in all things computing, so will be helping us with that this year.

We will have PE sessions with TLE sports coaches on a Monday throughout the year, in which the children will learn their infamous games like 'capture the flag' and 'chaos tag'!

We have a very exciting year of learning planned, covering topics such as 'What is it like where I live?', 'What was it like travelling to school in the past?' and 'What is special about cities?'.

For more information about our learning in each subject, please see our termly overview.
